COSTS MONEY TO CIRCLE GLOBE

DEBATE IN SENATE ON TRIP OF AMERICAN FLEET.

GREAT DANGER AND EXPENSE

WILL TAKE $1,000,000 TO PASS THROUGH SUEZ CANAL.

SPECTACULAR PERFORMANCE

Many Senators Think Trip Would Be Foolish Undertaking and Suggestion Is Made That Philippines Should Be Abandoned to Insure Peace.

WASHINGTON, April 21.—The reported purpose of the President to send the fleet of battleships around the world was the basis of a discussion in the Senate today when the naval appropriation bill was taken up for consideration.

Mr. Bacon of Georgia, asked what would be the cost of this cruise around the world.

Mr. Hale, chairman of the committee on naval affairs replied that it would be difficult to state the cost but he was satisfied that the wear and tear on the fleet would be very great. The cost, he said, would not be known for a year. He referred to the cruise as "a spectacular performance."

SENATOR H. D. MONEY,
Who Predicts in Debate That United States Will Have to Fight Some Nation, Probably Japan, Within 20 Years.

Mr. Bacon said he agreed that it was a spectacular performance, "but" he added, "it may be a very dangerous performance."

Mr. Hale disclaimed any purpose to charge that no good would come of the trip around the world. He referred to it as spectacular in the sense that it was "most remarkable and wonderful."

Dangerous and Expensive.

Mr. Bacon said he hoped the report that the fleet is to go around the world would prove incorrect. He not only looked upon it as dangerous but also as expensive, saying it would cost almost $1,000,000 to take the fleet through the Suez canal alone.

Mr. Beveridge inquired whether there are facilities in the Pacific "for making necessary repairs to the fleet" and Mr. Hale replied that was one of the questions that would have to be taken up. It would, he said, cost tens and tens of millions to supply those facilities.

Mr. Money [illegible] in a speech on the danger of war if the Philippines are held by this country, saying that all nations that have had dependencies have been obliged to maintain great navies. The 7,000,000 of the Philippines, he said, had cost this country several hundred millions of dollars already, and that money, he added, would produce no material result or advantage to this country, but should be charged up to "the mere pleasure of ruling other people."

Let Philippines Go.

Mr. Money instanced the San Francisco school troubles as an example of the rapidity with which our clouds might overshadow the country "if we drop the Philippines" he said, "we drop the chance of war in that ocean."

He was sure there was no treaty right on the part of the Japanese that would justify the attitude of that nation on the San Francisco school question but Japan "has ought to provoke a quarrel."

Mr. Money predicted that in 20 years the United States would have to fight somebody and he said he [illegible] Japan. Valor and patriotic enthusiasm

"Whenever we [illegible] that little nation" he declared, "I [illegible] we can do.

"You have got to keep that fleet there" he declared, "if you are to hold the Philippines."

Voyage Beneficial.

Defending the policy of sending the fleet of battleships to the Pacific ocean, Senator Lodge said great good is already resulting from the long cruise and it is teaching the fleet how to maintain itself away from ship yards by repairing itself by its own mechanics on board. "It is not enough" he said, "in a navy to have the units the best in the world; it is necessary to have an efficient fleet. I think this [illegible]

the navy than anything that has been undertaken."

He declared that even if the Philippines should be abandoned that action would not make any difference in the need of a fleet.

Senator Beveridge advocated a greater navy than the United States now has. The policy of the Democrats he said, favors keeping the Philippines until the people there are fitted for self-government; in any event it will be necessary to keep the islands for many years. Before the fleet started he said, there had been talk of war, but after it reached the Pacific waters such talk decreased and now almost ceased. Upon Mr. Beveridge concluding his remarks there was an outburst of applause in the galleries and Mr. Hale arose.

"Now" said Mr. Hale, "let us see if we can make some progress with the bill."

The Senate spent almost two hours reading the bill and discussing its provisions. The only amendment of importance agreed upon was one including retired officers of the navy in the benefit of the 20 per cent salary increase provided for officers on the active list.

NEXT TO BRITISH NAVY

ENGLISH EXPERT PAYS TRIBUTE TO U. S. FLEET.

American Ships Are Patterned After English and Navy Is Second Best in World.

BOSTON, April 21.—In an interview published here today Sir William Henry White, who was for twenty years the responsible designer of all British warships, comments on recent criticisms of the American navy. After declaring that the criticisms are unfounded in fact, and supplementing this declaration by a long and technical explanation, Sir William says:

"There is one thing more that I would like to say, and I think it is vital. I have known the American navy from the start. It is not generally known that the modern American navy started with the purchase of two of my designs from Armstrongs. That was in 1885. From these designs the Charleston and the Baltimore were built.

"The first thing I want to say in this connection is that you have naval architects as capable as any, in my judgment, in the world.

"The second thing I want to say is that your shipbuilding yards are quite equal to any we have in their equipment and management and all that. And the result is that, in my opinion, you have a fleet, that, ship for ship, comparing the ships designed after a given date—and that is the only fair comparison—is equal to anything the world contains. And next to the British navy I think you have the best navy in the world."

BRYAN GREETS FAMILY

DAY OF REUNION AND SPEECH-MAKING.

Democratic Leader Addresses Large Audience at Trenton and Criticises Taft's Promises.

NEW YORK, April 21.—Rounding out a day that had a pleasant beginning in the welcoming of his family, returning from a sojourn in Europe and then carried him on a flying trip to Trenton today for a brief speech, William J. Bryan returned here tonight and addressed the Civic Forum on "The Brotherhood of Man" to one of the largest gatherings ever assembled in historic Cooper Union.

Mr. Bryan's lively day was ended at midnight, when he made a brief address at the supper of the Missouri society.

Mr. Bryan made the trip to greet his wife, his daughter, Mrs. Ruth Bryan Leavitt, and her two children, Ruth and Bryan Leavitt, returning on board the steamer Minnehaha, which arrived this afternoon. Mrs. Bryan, Mrs. Leavitt and her family will probably leave for Nebraska tomorrow. While the steamer was in dock little Bryan Leavitt mischievously hid under a stateroom berth and a long search by his anxious grandfather delayed Mr. Bryan on board, and he missed his train for Trenton.

Ovation at Trenton.

A large audience greeted Mr. Bryan at the Trenton opera house when he appeared there this afternoon. In his speech there he advocated election of United States senators by the people directly, and characterized Secretary Taft's proposal for the reasonable regulation of trusts as "feasible as the regulation of burglaries by law."

Several hundred people were turned away from Cooper Union tonight, unable to find seats, and when Mr. Bryan arrived he was greeted with much applause. He said in part:

"I am getting so that I feel quite at home in New York. I find in this great center of activity very kind, congenial [illegible] I have appeared at many political gatherings here, and even in this vast hall.

Individual Responsible.

"I have devoted the best of my life to the science of government, but I recognize that no matter how good government may be, we miss its blessings if we do not do right as individuals. No matter how much we may be absorbed in issues and methods of government, we cannot be indifferent to the many kinds of work to be carried on. I am glad to show my interest in and sympathy with the object of the uplifting of the individual and advancing the good of the community.

LOEB REFUTES INSINUATIONS

CALLS SIMS TO TASK FOR ATTACK IN HOUSE.

EXPLAINS HIS STOCK HOLDINGS

ONLY 400 SHARES BELONG TO HIM PERSONALLY.

WAS ACTING FOR FRIENDS

Arrangement With the Washington Railway and Electric Company Made That He Might Be President of Corporation on Retirement From Office.

WASHINGTON, April 21.—The references to Mr. Loeb, secretary to the President, in the House yesterday, by Mr. Sims, in connection with his ownership of 4,700 shares of stock in the Washington Railway and Electric company, called forth today a letter from Mr. Loeb to that gentleman explaining how the stock came into his possession and suggesting to Mr. Sims that he should be more scrupulous in dealing with men's characters or reputations. Mr. Sims read the letter.

Explaining his possession of the stock, Mr. Loeb says:

"Forty-seven hundred shares of the capital stock of the Washington Railway & Electric Co. stand in my name on the books of the company. One hundred of these shares, enough to enable me to qualify as director, are mine; 4,600 are holdings of friends of mine, for whom I simply acted as representative at the last annual meeting of the stockholders of the company, at which I was elected a director with the view of my election as president of the company, if I decided to take up that line of work after leaving official life. This record has been and still is open to you or any other honest man at any time, and it clearly demonstrates that any insinuation that in any mysterious or unworthy way or any way whatever, I have accumulated such a considerable fortune as your speech implies, is as unfair to me as it is unworthy of you."

Speaking of what he calls Mr. Sims' intimation that he had improperly interfered with traction legislation, Mr. Loeb says:

Denies Interference.

"Immediately after my election as a director of the company, the chairman of the House district committee, Mr. Smith, called upon me and started to ask my advice as to certain bills affecting the traction companies pending before the committee. I at once informed him that, while I occupied the position of secretary to the President, I could not and would not discuss with any member of Congress any matters of legislation affecting the local public service corporation. I have seen Chairman Smith, who will verify this statement, and I cite this instance to show how scrupulously careful I have been to observe the proprieties in the case."

After reading the letter, Mr. Sims said that he was the last person to take advantage of any congressional privilege to say anything derogatory of any man, and therefore he felt that the letter should be read in as public a manner as he had made the statement. Mr. Sims declared, however, that he had based his statement on an official communication to the speaker, wherein it was shown that Mr. Loeb had 4,700 shares of the stock in his name.

Senator Sims Explains.

Later, Mr. Sims, without mentioning the name of the senator to whom he yesterday referred, but who, it was learned through the senator himself, was Senator Newlands of Nevada, as owning over 1,000 shares of capital traction stock read a statement from the senator saying the stock came into his possession as trustee of the Sharon estate long before his entry into public life, and that since he controlled it he had not participated in any legislation on street railway matters.

Senator Newlands gave out a statement in which he said that when the legislation regarding the street railways in connection with the Union station came before the district committee he informed the members of the committee of his interest in the stock and announced that he would not participate in their deliberations or action of the district committee or of the Senate on this subject.

COMPANY LOWERS PRICE.

Effort Made to Settle Cleveland's Tramway Problem.

CLEVELAND, O., April 21.—The Cleveland Electric Railway company made a concession today of $5 a share in the valuation of its property in the [illegible] with the city. The offer of the company now is $55 a share. The offer of the city administration is $50 a share. The company's offer was made upon condition that the city would raise its offer to that figure.

At a special meeting of the city council today, where the proposition was made, the councilmen adjourned with the purpose of holding ward meetings to ascertain if their constituents are in favor of accepting $55 as a peace figure. If this is agreed to, the property of the company and the competing three-cent fare company will be placed in the hands of a holding company, which will operate the system at the lowest possible rate of fare.

MOB CAUSES RIOT

Strikers Attack Street Car and Injure Conductor.

PENSACOLA, Fla., April 21.—After a [illegible] with the state troops present to preserve order, Pensacola was again thrown into a turmoil this afternoon when a mob of 25 men attacked a street car in the suburbs of the city and probably fatally wounded the conductor, G. Hoffman.

Adjt. Gen. Clifford R. Fister tonight applied to the labor leaders to prevent violence and disorder, and it is hoped their influence will prevent further trouble.

DISCUSSES NEGRO SOLDIERS

Senator Warner Blames Colored Regiment for Affray at Brownsville.

WASHINGTON, April 21.—Calling attention to the Grand Army button he wore on the lapel of his coat and insisting that he had no prejudice against negro soldiers, some of whom he claimed as comrades, Senator Warner of Missouri, in the Senate today declared his conviction that the town of Brownsville, Texas, had been shot up by negro soldiers of the Twenty-fifth infantry. Mr. Warner quoted extensively from the testimony taken in the Brownsville case and presented an argument to sustain his belief in the guilt of the negro soldiers. Without concluding his remarks, which he will resume tomorrow, Mr. Warner gave way for the naval appropriation bill, which was read in part. An amendment was adopted making the 20 per cent increase in the pay of officers apply to those retired as well as on the active list.

SAILORS HAVE PICNIC

THOUSANDS PLAY LIKE BOYS OUT OF SCHOOL.

Varied Amusements Provided for Men of Battleship Fleet on Shore at Los Angeles.

LOS ANGELES, April 21.—Los Angeles continued today in its long program of entertainment for the sailors and officers of the American battleship fleet. Thirty-five hundred bluejackets were in the landing parties which came ashore at the various ports where the four divisions of the fleet are anchored and they pitched right into the fun provided for them with the enthusiasm of boys out of school. The sailors again were the guests of the city and the features of the day's entertainment were the same as on yesterday—boxing bouts, barbecues, wild west shows, dancing, shooting the chutes and other forms of amusements occupying the time from early morning until late night. The sailors' frolics are really the most interesting features of the fleet's stay at Los Angeles. Thousands of people go each day to Chutes-park and Agricultural park to see the men at play.

For the officers there were a number of social events, including a luncheon to the higher officers by General Adna R. Chaffee at the California club. Tonight the Chamber of Commerce at Redondo, where the ships of the fourth division—the Alabama, Illinois, Kearsarge and Kentucky—are anchored, gave a banquet at the Hotel Redondo in honor of Rear Admiral Charles Sperry and other officers in the division. The entire city, overlooking the sea, was illuminated. All of the port cities, where the ships are stopping, are carrying out elaborate entertainment plans each day for the men and officers. The day was a legal holiday and thousands of persons visited the beaches and the warships.

PHELPS UP FOR MAYOR

DENVER REPUBLICANS NOMINATE CITY TICKET.

Platform Calls for Rigid Enforcement of Liquor Law and Closing of Entire Tenderloin District.

DENVER, April 21.—The Republican city convention today selected a full ticket and adopted a platform which indorses President Roosevelt's administration, the state and county administrations; favors the rigid enforcement of Sunday and midnight closing laws; local option and the expenditures of reasonable sums for beautifying the city. The following ticket was nominated:

Mayor—Horace Phelps.
City Auditor—Albion K. Vickery.
City Treasurer—Lewis C. Greenlee.
City Clerk—George N. Ordway.

Supervisors and aldermen were also nominated.

Horace Phelps, who is now assistant attorney general of the state, stated clearly that if elected he would suppress gambling entirely; keep the saloons closed after midnight during the week and all day on Sundays and holidays, and wipe out the tenderloin district. The attitude of the Business Men's league, which is supporting Mayor Speer for re-election, was criticised by nearly every speaker today. The point was urged that a Republican was just as well able to work for civic beauty as a Democrat and that any Republican who wanted to support Speer should dissociate himself with the party and enter the camp of the Democrats. There was no real test of the strength of the Stidger forces in the convention today, but it is claimed by people in a position to know that he controlled less than 200 of the [illegible]

JUSTICE MUST PERVADE LAW

GOVERNMENT SHOULD REGULATE CORPORATE BODIES.

UPHOLD RIGHTS OF BUSINESS

PROBLEMS HAVE BEEN THRUST ON CONGRESS.

DUE TO RAPID DEVELOPMENT

Secretary Cortelyou Addresses Commercial Men on Relations Between Government and Commerce Years Ago People Were Negligent.

SYRACUSE, N. Y., April 21.—Secretary of the Treasury George B. Cortelyou was the guest of honor and the principal speaker at the banquet of the Syracuse Chamber of Commerce this evening, his subject being "Government and Business."

Nearly 300 business men were present and gave Secretary Cortelyou an enthusiastic reception. In his address he said:

Our people today appear to be well satisfied with the policy that is pursued by our state and national governments, in fostering by legislation interests of a general character. A conspicuous example of this type of legislation is to be found in the recently enacted pure food laws of federal and state governments, which regulate the preparation of food for popular consumption.

Corporations for conducting any enterprise or managing any business are, of course, differently situated from individuals doing the same thing. Individuals owe nothing to the state for their individuality. Before the state or any earthly form of government began the individual was, and he would be here, were all government to be overthrown. That individuality is "incapable of annihilation." A corporation, on the other hand, owes its life to the government which brings it into existence. It has only such powers as that government chooses to confer upon it. These powers may be broad or they may be very limited. The statutes granting or providing for such corporations have in many instances reserved to the state the right to alter or repeal the charters and abolish the corporations. Under these reservations much legislation has been enacted for the protection of the public interests. It would appear to be in any case the right of the legislature to exercise a reasonable supervision over the creatures of the government. This is especially true as to corporations that are endowed by the legislature with the right to exercise the power of eminent domain. Most of the first railroad enterprises that were projected in this country were begun by the state on the theory that only the sovereign authority could exercise the right of eminent domain. And that theory underlies the railroad legislation of the states today, the corporation thus endowed with such power being considered the agent of the sovereign; although it was several years before all the states accepted the theory; one state for a long time insisting that a railroad corporation must pay to the owner of land his price for the same when it was wanted for the purposes of the corporation.

People Wanted Roads.

The grants of land made by the general government to the several states for the purpose of aiding in the construction of railroads were usually turned over to corporations to do the desired work; and so anxious were the people to get the iron horse to their doors that such safeguards as the opportunity readily afforded for the better protection of the public were not erected. Some of the states have, by means of availing themselves of later opportunity, somewhat remedied the oversight, while some in their zeal have gone too far. But the failure to attend to the matter when proper provision might have been made makes more difficult the supervision which the sovereign power ought to be able to exercise over its creations.

Because of the many controversies that have arisen between grantor and grantee all over the land, in the case of franchises for public works of utility, giving rise to almost constant litigation, in many cases to corruption, just such as our theorist declared would be attendant upon works done by governments directly, and in the majority of instances to a disregard of the rights of the public, supervision, in greater or less degree, has become a necessity, and the establishment of this supervision is in the line of a due regard for the public welfare.

Fair Regulation.

They have come to understand, too, that proper government supervision does not mean repression of lawful activities; that it means helpfulness; that it means justice between man and man, between section and section; that it means such measures as shall prevent the generous facilities placed at the disposal of great enterprises being perverted to the injury of any portion of the people; that it means such measures as shall prevent, means, as much as wise legislation duly enforced can mean, fair dealings in the conduct of business.

And they have come to understand, too, that there will be little discussion as to the functions of the national government and the governments of the states when each as commonwealth shall realize and meet its responsibilities as a member of "an indestructible union of indestructible states."

But, however clearly all this is understood, there must be with it the understanding [illegible] we must not take from the individual his individual liberty or responsibility. We must not erect obstacles to the right to enjoyment of the fruits of our labor and industry, to whose development the welfare of our employes and [illegible] is so closely related; we must not kill the pioneer spirit of our people, the spirit that opened up the wilderness [illegible] welded together scattered colonies into a vigorous young republic; that built the great highways of communication across the continent; that built [illegible] the spirit of self-reliance and self-sacrifice that made this mighty nation what it is today.

[illegible] that "the chief problem of civilization [illegible] the political point of view [illegible] how to secure conditions [illegible] All [illegible] scale without sacrificing local independence." Equally true is it that we must deal with the present aspects of that problem as they affect our people and with all of our perplexing problems of government and business, of individual and national well-being, with an open-minded appreciation of their difficulties, with firm resolve that fair solution shall be reached under constitutional restraints, through the factors of impartial justice and American common sense.

SHOOT AT CABRERA

Students Attempt Life of President of Guatemala.

GUATEMALA, CITY, Guatemala, April 21.—An attempt was made on the life of President Estrada Cabrera in this city yesterday, but the attempt was not successful. The president was on his way from his private residence to the national palace to give an audience to the recently-appointed American minister, William Heinke, when students fired at him. The students were immediately surrounded by loyal troops and made prisoners. The situation at present is under the control of the military element.

TO SEND WAR VESSEL

WILL WAIT ON U. S. MINISTER AT LA GUAIRA.

Closing of Port on Account of Bubonic Plague Renders Assistance Necessary.

WASHINGTON, April 21.—An American war vessel will be sent to Venezuelan waters, but her mission is to be an entirely peaceful one. The closing of the port of La Guaira because of the existence of what is believed to be bubonic plague there has made it necessary for the state department to have at hand some vessel to be used as a dispatch boat by Minister Russell in sending messages to Curacao or Port of Spain, Trinidad, and for taking cablegrams to him from the state department. One of the smaller gunboats now in West Indian waters will be utilized for this purpose. The vessel will ply between Port Cabello and the nearest cable station, Port Cabello, according to Minister Russell's dispatch to the state department today, is still open.

Under today's date, American Minister Russell at Caracas cabled the state department regarding the situation at La Guaira and expressed the general belief that the disease is the plague. He says that the Venezuelan government today officially announced the existence of a spurious contagious disease at La Guaira, the nature of which had not been determined. No steamers are touching at the port, which has been quarantined for 15 days and traffic is suspended on the railways.

TO REPORT EXPENSES

BOTH SIDES AGREE ON PUBLICITY MEASURE.

Money Expended in Elections Must Be Limited to Legitimate Causes and Made Public.

WASHINGTON, April 21.—The McCall campaign publicity bill today was unanimously recommended to the House for passage by the committee on election of President, vice president and representatives in Congress. Although introduced by a Republican the report has the undivided support of the Democratic members of the committee and of the National Publicity Law organization. It was the subject of much spirited debate in the committee, and today's action in recommending the bill for passage caused jubilation among the minority in the House, and some surprise on the Republican side, the Republican chairman of the committee—Mr. Gaines of West Virginia—having recently expressed himself as opposed to some of the provisions of the measure. The bill provides that "all contributions hereafter made to political campaigns engaged in promotion of election of delegates to the Congress of the United States or of presidential electors at any election at which representatives or delegates shall be voted for, shall be reported to such committees as the clerk of the House of Representatives.

The bill was so amended that any person may, in connection with such election, pay from his own private funds for the purpose of influencing or controlling in two or more states the result of an election at which representatives in Congress are to be elected and his traveling expenses. A provision allowing him to pay "for writing, printing, preparing and circulating any letter, circular or other publication whereby he may state his position or views upon any question" was stricken out. He may, however, pay for stationery and postage and for telegraph and telephone service without being subject to the provisions of the act. The clause providing that "nothing in this act shall apply to any committee or organization for the discussion or advancement of political questions or principles without connection with any election, also was stricken out.

TO LIFT MORTGAGE

Ladies of Cripple Creek to Raise $5,000 for Hospital.

Special to The Gazette.

CRIPPLE CREEK, April 21.—To cancel a debt of $5,000 on the Sisters hospital in this city, a fair was opened tonight by the ladies of the city, headed by Mrs. A. E. Carlton. A four-days campaign is planned and the attractions on sale are many and varied. From the splendid response at the opening session tonight, it is expected that there will be no trouble in realizing enough to lift the mortgage within [illegible]

CHINESE GIANT HAS AWAKENED

WU TING FANG SAYS ORIENT IS MODERNIZED.

HIS PEOPLE ARE PATRIOTIC

NEW SPIRIT OF UNITY EXISTS IN COUNTRY.

ARE FRIENDS OF AMERICA

There Are no Clouds in Diplomatic Sky and Chances of Increasing Trade Between Two Nations Were Never so Bright as at Present.

NEW YORK, April 21.—Bearing messages of peace and good will from the Celestial empire, and expressing the conviction that the relations between China and the United States will become closer day by day, Wu Ting Fang, minister from China, speaking tonight, at the banquet of the American Asiatic association, at Delmonico's, made his first public address since his return to America.

The awakening of China to western civilization and the broad industrial field in consequence to American trade were themes interestingly developed tonight by Judge L. E. Wilfley of Shanghai, judge of the United States court for China, and John Barrett, director of the International Bureau of American Republics, both of whom shared with Wu Ting Fang, the principal guest in the honor of the evening. Wu Ting Fang was welcomed with cheers by the diners, who arose and drank a toast to the diplomat of the Orient when he was introduced. The Chinese minister was gowned in a fetching brown polonaise with salmon-hued sleeves and wore a black and red buttoned cap in front of which blazed an enormous jewel, donating his rank, Wu Ting Fang said:

Commercial Progress.

"It is worth while for merchants who wish to have dealings with China to study the progress she is now making. China has become modernized. That being the case her people will necessarily learn more from the western countries and they will acquire some of the western habits and tastes. This will increase the trade with foreign countries.

"I quite agree with your chairman when he says that in the history of the intercourse between China and America there has been no time when there were so few matters of controversy requiring treatment. There are now no matters of great controversy between the two nations which cannot be amicably settled and the present horizon is smooth and clear. There is no mist nor cloud such as I am sorry to say existed some years ago and which happily has been dispersed. In this connection I am referring to the incident which is well known to you all—I mean the boycott on American goods. It was alleged that I started the boycott or if not that I inspired it. I can say that it was one of the most malicious libels that could be invented against a person as there was not the least foundation.

"The boycott was started in Shanghai and in the south of China, while I was one of the ministers in the Wai Wu Pu (the foreign office in Pekin), and I and my colleagues were doing all we could to stop the agitation.

China Has Awakened.

"After years of slumber our people have awakened to a feeling of nationality within their breasts. Whatever you may call it—patriotism, interest in [illegible] which we know from experience is natural, both with individuals and with nations. Now there are some people who would poke fun at this feeling, disparage it, or even suggest its suppression by forcible measures or by demonstrations. It is needless to say that this narrow minded and short-sighted view does not tend to pacify or soothe the feeling. The effect is just the opposite.

"The American people, appreciating with which it is imbued will rapidly all the weaknesses and exaggerations of a new born spirit, have treasured it with consideration and have adopted the proper view that this spirit marks the true awakening of China and that whatever latent [illegible] of anti-foreign feeling which it is imbued with, rapidly disappears as soon as it is understood that the nation against which hostility is exhibited is really a friend in disguise.

"China's relations with America will always remain friendly. It is natural that they should be so, when you consider that your policy is justice and fair play and on our side honesty and straightforwardness. You may be sure acts of kindness and fairness such as remission or waiver of over ten millions of dollars to China, will certainly create [illegible] in China and strengthen the bond of friendship between the two countries. No more [illegible] can occur in the future and the relationship between the two countries will yet become closer day by day."

TORPEDO BOAT SUPPLIES

SAN DIEGO, Cal., April 21.—[illegible] McMillan, purchasing agent of the United States navy, is now [illegible] arrangements for the arrival of the second Atlantic torpedo boat [illegible] which is due [illegible] on Thursday. [illegible] placed large orders for supplies [illegible] will be rushed to the [illegible]

WANT CHEAPER PAPER

NEWSPAPERS MAKE PROTEST AGAINST THE TRUST.

At Annual Meeting of Associated Press Request for Relief Is Laid Before the President.

NEW YORK, April 21.—The annual meeting of the Associated Press was held at the Waldorf Astoria hotel today with an exceptionally large attendance of members from every section of the country. Aside from the transaction of purely routine business affecting the organization, the most important action taken was the presentation and adoption of an address asking the President and Congress to "grant immediate relief from the exactions of combinations of paper makers."

The address as adopted is as follows:

"Representatives of 174 daily newspapers gathered at the annual meeting of the Associated Press respectfully ask the President and Congress to grant immediate relief from the exaction of combinations of paper makers.

"In September, 1907, and again in November, 1907, the attention of the authorities was directed to the excessive prices then demanded by the paper combination. Immediately upon the assemblage of Congress 20 or more bills aimed to correct these conditions and to put paper and pulp on the free list were introduced and referred to the ways and means committee. Persistent efforts to obtain a hearing have been refused. Dilatory tactics have been employed to prolong present conditions and to carry over to another session of Congress every proposition designed for relief.

False Figures on Prices.

"Attention is also directed to the false reports of news print prices which were recently furnished to Congress by the director of the census bureau. The newspapers here represented use approximately 50 per cent of the news print paper consumed in the United States. We denounce the quotations as submitted to Congress as misleading and unworthy of credence. The reiteration of the accuracy of these figures of the director after the error had been called to public attention tends to shake public confidence and respect of statistics thus compiled."

The choosing of directors resulted in the re-election of the five directors whose terms had expired as follows: Charles H. Grasty, Baltimore Evening News; W. R. Nelson, Kansas City Star; W. L. McLean, Philadelphia Bulletin; George Thompson, St. Paul Dispatch, and Adolph S. Ochs, New York Times.

The Associated Press and the American Newspaper Publishers association will sit down to a joint banquet tomorrow night at the Waldorf-Astoria, at which William J. Bryan will be the chief speaker.

BIG RAPIDS, Mich., April 21.—Fire this afternoon destroyed Mercy hospital, a $75,000 establishment erected 22 years ago. All of the 38 patients and the 40 sisters, who were in the building escaped without injury.

GANO DOWNS

You will find the better models of the smart close front fold collars and a pleasing selection of narrow four-in-hands, featured in our showing of Spring furnishings.

It is quite the thing, this this season, to have the cravat, handkerchief and socks of the same color, but varying a tone or two in shade or tint.

We have the approved colors in cravats at 50c, 75c, $1.00 and $1.50, in socks at 35c, 50c, 75c and $1.00 and in handkerchiefs at 50c, 75c, $1.00, $1.50 and up.

DICKERSON SECURES EASTERN STARS FOR SPRINGS.

Has Several Fast Minor League Men Ready to Report—He Is Coming Here Today.

Five more stars of middle western minor league baseball have been signed by Owner E. W. Dickerson of the Colorado Springs baseball team of the Colorado State league. Together with Captain-Manager Joe Ganzel, they are ready to start for this city as soon as notified. The new players are:

Kipp, third baseman, who played last year in the Central and Southern leagues.

Cridman, pitcher, a star of the Southern Michigan league.

Hale, the best infielder in the Central league three years ago, and for the last two years a star in the Southern Michigan league.

Cal Wender, who led the Interstate league in batting two years ago and is regarded by Dickerson as one of the very best fielders in minor league baseball.

There is also a left-handed pitcher who has been signed by Ganzel, but whose name has not yet been reported.

Owner Dickerson and President Graves of the Colorado Springs team will visit Colorado Springs today. They will make final arrangements relative to the improvements to be made at the park, and will take up other matters regarding the team here. Mr. Dickerson has received a number of letters from ministers protesting against the Sunday games because of their interference with religious services. He will also give this question consideration while here today.

PUEBLO LOSES ONE MORE

Nichols' Support Weakens in Eighth and Denver Scores Five Runs.

PUEBLO, April 21.—After pitching great ball for seven innings, Nichols' support weakened in the eighth, and Denver won today by a score of 5 to 4. Score:

									R	H	E
Denver	0	0	0	0	0	0	0	5	0—5	5	0
Pueblo	0	0	0	4	0	0	0	0	0—4	6	3

Adams and Zalusky; Nichols and Smith.

OMAHA LOSES TO SIOUX CITY.

SIOUX CITY, April 21.—Both Furchner and Hollenbeck were wild today and had to be replaced. Score:

										R	H	E
Sioux City	0	0	3	0	0	3	0	0	*—8	6	1	
Omaha	0	0	0	0	0	0	5	0	0—5	7	2	

Furchner and Williams and Henry; Hollenbecker, Ritman, Lebrand and Gondling.

HARD-FOUGHT GAME.

LINCOLN, April 21.—Des Moines won a hard-fought game today. Score:

										R	H	E
Lincoln	0	0	6	1	0	0	0	0	1—2	4	1	
Des Moines	0	0	0	0	0	0	1	0	2—3	8	2	

McKay, Johnson and Sullivan; McGregor and Yeager.

NEW YORK 16; WASHINGTON 13

Cold Wind Proves Pitchers' Undoing. Hairbreadth Escape for St. Louis.

NEW YORK, April 21.—This afternoon's cold wind worked adversely upon the pitching departments, and Washington used up three box men in trying to hold New York in check. Meanwhile, although the visitors hit Lake hard, the local batters were slamming the ball in all directions, securing an early lead, which they held to the final result of 16 to 13 in their favor. Score:

										R	H	E
Washington	3	0	1	0	1	0	1	3	4—13	10	7	
New York	3	2	3	2	1	0	4	1	*—16	11	4	

Patten, Keeley, Geerhring and Warner; Lake, Kleinow and Blair.

DOUBLE PLAY WITH BASES FULL.

DETROIT, April 21.—Detroit filled the bases with no one out in the ninth, but a line drive straight at Ferris resulted in a double play and saved St. Louis from danger. Score:

										R	H	E
Detroit	2	0	2	0	1	0	0	0	0—5	8	1	
St. Louis	3	0	0	2	0	0	0	2	0—8	12	4	

Siever, Suggs, Killian and Payne; Bailey, Graham, Howell and Stephens.

JOSS A PUZZLE.

CLEVELAND, April 21.—Cleveland took the first game of the series from Chicago. Joss was a puzzle, while Walsh was hit opportunely. Lajoie's base running and Turner's fielding were features. Score:

Cleveland	0	0	2	1	0	1	1	0	*—5	8	1	
Chicago	0	1	0	0	0	0	0	0	0—1	4	3	

Joss and N. Clarke; Walsh and Sullivan.

SHUT OUT BOSTON.

BOSTON, April 21.—Philadelphia shut out Boston today, 4 to 0. Hits by Collins and Hartsel today, 4 to 0. Hits by Collins, Powell, Pruitt and Oakes, in the seventh inning, gave the visitors four runs. Score:

Phila.	0	0	0	0	0	0	4	0	0—4	9	1	
Boston	0	0	0	0	0	0	0	0	0—0	7	5	

Vickers and Schreck; Pruitt, Cicotte and Criger.

So successful was the recent one-day endurance run of the Bay State Automobile association that plans already are under way for a two-day affair, to be run to a point either in New Hampshire or Maine, returning to Boston the second day.

TIGER PROSPECTS POOR

TRACK TEAM LOSES FOUR POINT-WINNERS.

Jardine, Hyder, Carey and Harding Unable to Compete Against Boulder Saturday.

Gloom has settled over the Colorado College track camp. With four of the surest point winners unable to compete in the opening dual meet with the University of Colorado Saturday, the Tigers are unable to figure out a victory, and some of the gloomiest are conceding the meet to the Boulder bunch by a safe margin.

Harding, who was the best performer in the weights in the home meet, is ineligible because he is not carrying the required number of studies. Jardine, the star half miler, who was counted upon for eight points, will be unable to compete because of the accident to his leg. Hyder, who was good for six points in the sprints, is confining his energies to baseball. And to cap the climax, came the news yesterday that Cliff Carey, one of the best of the weight men, has been down with appendicitis, and will be out of the meet.

The men who are left will go in to make the best showing they can, and the meet will by no means be a tame affair. For on the Tiger squad are several stars of the first water and they are expected to do some stunts with the state records. Boulder has a fast aggregation which looks strong in all department, except the weights.

The following entries were announced for Colorado College last night:

100-yard dash—Reeks, Riche.
220-yard dash—Fowler, Stiles.
440-yard dash—run—Reeks, Hoover.
880-yard run—Gibbs.
One-mile run—Brown, Black.
Two-mile run—P. Burgess, J. Burgess.
120-yard hurdles G. Cary, Terrill.
220-yard hurdles—Reeks, G. Cary.
Broad jump—no entries.
High jump—Terrill, Sinton.
Pole vault—Terrill, Sinton.
Shot put—Morris, G. Cary.
Discus throw—G. Cary, Draper.
Hammer throw—Draper, G. Cary.
Relay race Reeks, Fowler, Stiles, Slane.

3 STRAIGHT FROM PIRATES

Cincinnati Takes a Brace New York Takes Third Game From Brooklyn.

CINCINNATI, April 21.—Cincinnati made it three straight from Pittsburg this evening. Leever was compelled to retire after the third inning, Young taking his place. Weimer gave way to Spade after the sixth inning for the local team. Score:

										R	H	E
Cincinnati	4	0	2	2	0	1	0	0	*—9	11	0	
Pittsburg	0	0	1	0	0	1	0	0	2—4	10	2	

Weimer, Spade and McLean; Leever, Young and Gibson.

RICHIE WILD AFTER SIXTH.

PHILADELPHIA, April 21.—Boston today won the final game of the series here, 3 to 2. Lindaman and Richie had a pitchers' battle for six innings, but after that Boston mixed up hits with Richie's wildness and fielding and battery errors, and won. Score:

										R	H	E
Boston	0	0	0	0	0	0	2	1	0—3	7	1	
Phila.	0	0	0	0	0	0	1	0	0—1	8	3	

Lindaman and Bowerman; Richie and Dooin.

OUTPLAY BROOKLYNITES.

BROOKLYN, April 21.—New York made it three straight from Brooklyn today, outplaying the home team in every department. Neither side scored until the sixth inning, when New York bunched three singles, which, with a base on balls, netted three runs. Score:

										R	H	E
New York	0	0	0	0	0	3	0	1	2—6	11	1	
Brooklyn	0	0	0	0	0	1	0	0	0—1	5	5	

Wiltz and Bresnahan; Bell and Ritter.

STRONG TEAM AT CRIPPLE

Manager Hanley Arranges Opening Game With Iron Workers.

Special to The Gazette.

CRIPPLE CREEK, April 21.—Cripple Creek is again to have a fast baseball team this year. Manager James E. Hanley already has six players here, and a full nine will be on hand within the next week. A week from Sunday, the local team will open its season here, the Colorado Iron Workers of Denver being scheduled for this game.

Timber killed by forest fires is now being used extensively for making cracker boxes.

CHANGE SCHOLASTIC GAME

Terrors and Academy to Play Friday Japanese Team Here Thursday.

Because of the college baseball game and track meet scheduled for Washburn field on Saturday, the Colorado Springs High School and Cutler Academy have changed their game which opens the southern interscholastic baseball season, from Friday to Saturday. The game will be played on the High School field, and promises to be full of action and ginger. Because of the withdrawal of Pueblo Centenial High School from the league, the honor of meeting the winner in the northern leagues lies between the two local schools.

On Thursday the High School Terrors will meet the Royal Mikados, the fast Japanese team, which is now playing a series of games in Denver. The game will be either on the High School field or on Washburn field. The Jays defeated the fast Cottrells in Denver, Sunday, by a score of 5 to 4, but yesterday succumbed to Denver University, 7 to 2. Today they play Sacred Heart, and tomorrow North Denver High School.

COOMBS BROTHERS RETURN

Star Cutler Academy Captain and Third Baseman Resume Practice with Team.

Captain Percy Coombs and his brother, Chauncey Coombs, of the Cutler Academy baseball team, returned yesterday afternoon from a month's absence in Florida. They were out for practice last night, and will be with the team the remainder of the season. Their return considerably strengthens the team at the critical time just before its first championship game with the High School Terrors, scheduled for next Friday. Captain Coombs is the catcher for the team and Chauncey plays third base. Both are excellent players.

The two boys were called to Florida by the serious illness of their grandfather. He is now on the road to recovery, and will be brought to Colorado Springs within a short time.

BALL GAME ENDS IN TIE

Score is 3 to 3 in Practice Game Between Tigers and Terrors.

The High School Terrors and the Colorado College Tigers yesterday afternoon played a practice game on Washburn field, which was stopped at the end of the fifth inning with the score 3 to 3. The score by innings:

High School	0	2	1	0	0	3
College	1	1	0	1	*	3

The High School team batted as follows: Bancroft, 3b; Dixon, c; Friend, ss; Whitaker, lf; Murphy, rf; Ady, 1b; Finlay, 2b; Stovell, cf; Hyatt, p.

The Tigers: Schmid, 3b; Morris, rf; Siddons, lf; Dearing, 1b; Sherry, ss; Deesz, c; Hyder, cf; Jones, 2b; Van Stone, p.

MAY MEET STANFORD

Pacific Coast Track Team May Stop Over on Way to Chicago.

BOULDER, April 21.—The University of Colorado may hold a track meet in Denver with the Leland Stanford university track team on May 30. The Stanford team will make a trip to Chicago to compete in the western intercollegiate conference track meet on June 6, and to take part in the Olympic tryouts on June 12, and would like a meet in the Rocky mountains on the way.

All negotiations for a dual meet between the University of Colorado and the School of Mines have been called off, the two schools being unable to agree upon any date.

HUNTER BECOMES HUNTED

GENOA, April 21.—Prince Helie De Sagan arrived here this evening. Several newspaper men tried to approach him while he was at dinner, but he appeared irritated and exclaimed:

"I never saw such a chase. I am being hunted like a fox."

Re-entering the car he ordered the conductor to see that he was not disturbed for any reason.

There would be fewer dancers if the piper had to be paid in advance.

Spring Styles For Men

The Hub Are Making an Interesting Display of New York Spring Fashions in Men's Outer Wear.

New York city is the recognized fashion center of the world for men's clothing.

All the authoritative designs can be traced directly to a few of the designers employed by the leading tailoring establishments in New York city.

The Hub of this city, are in the enviable position of being able to submit to their customers a complete range of Men's Outer Apparel in the unquestioned New York Mode of the day.

This is accounted for by the fact that The Hub are the exclusive distributors in this city of the products of Alfred Benjamin & Co.

Alfred Benjamin & Co., whose tailor shops are but a block from Fifth avenue, have been for a third of a century accepted by fashionable New York as the leading manufacturing tailors of the metropolis.

Their establishment is impressive, not alone for its size, but because of its perfect equipment and splendid organization.

Their designers are creators—not merely adapters of styles—so that whatever garment bears the label of Alfred Benjamin & Co., may be accepted as an original New York fashion.

Tailors in cities other than New York must wait until a style has been created in New York before adopting it in their garments, with the result that their productions are at least six months behind the fashion and but imitations of the real New York style.

The Hub announce that they will welcome visitors to their store if they come merely to acquaint themselves with the New York style, as expressed Modern Woodmen. Fink's orchestra.

RITTENHOUSE ON THE ATTACK

Wants Fraternal Insurance Under State Supervision.

Fraternal insurance organizations are to be brought under the supervision of the state, if a campaign inaugurated by State Insurance Commissioner E. E. Rittenhouse of this city, is successful. A bill is to be introduced in the next legislature to this effect, and Mr. Rittenhouse believes that he will have the support of the substantial fraternal bodies. The legislation proposed is for the purpose of giving the insurance commission power over the irresponsible companies.

In discussing the proposed movement, Mr. Rittenhouse states that many of the companies operating in this state, with headquarters in the east, are not reliable and cites instances that have come under his observation. There are now 70 fraternal companies doing business in this state, and 90,000 people carrying their policies. These people, he believes, are entitled to protection.

THE END OF THE WORLD should it come tomorrow would find fully 1-3 of our people suffering with rheumatism or other slight or serious nature. Nobody need suffer with rheumatism, for Ballard's Snow Liniment drives away the trouble, relieves the pain instantly and leaves the user as well and supple as a two year old. Sold by all dealers.

On anything but very stiff grades it is customary with the general run of drivers not to drop from the high gear when coasting, the foot brake being relied upon to supply whatever retarding effect is required in excess of that produced by the motor.

DR. GLADDEN TO GIVE ADDRESS

Will Speak at Special Meeting of the Winter Night Club, May 16, on "Social Morality."

In order to hear the Rev. Dr. Washington Gladden, a special meeting of the Winter Night club will be held on Saturday evening, May 16, at the Antlers hotel. Dr. Gladden will be in Colorado Springs at that time as one of the principal speakers at the religious and ethical conference to be held at Colorado College, and he will address the Winter Night club on the subject, "Social Morality."

Dr. Gladden is one of the foremost divines in the United States. As an author on religious and social topics, and a Congregational minister, he is well known throughout the nation. He attracted particular attention several years ago when he led the fight in the Congregational church against the acceptance of money from John D. Rockefeller on the grounds that it was "tainted."

Dr. Gladden is now about 72 years old. He is a graduate of Williams college, and has received the degree of D. D. from Roanoke college, and that of LL. D. from the University of Wisconsin and Notre Dame university. He held several pastorates and editorial positions prior to becoming in 1882 pastor of the First Congregational church in Columbus, O.

He is especially well known as a writer on social reforms; some of his best known books being, "Plain Thoughts on the Art of Living," "The Christian Way," "Applied Christianity," "Burning Questions," "Who Wrote the Bible," "Social Facts and Forces," "Straight Shots at Young Men" and "The Practice of Immortality."

To Ladies Only.—The wish to be beautiful is predominant in every woman, and none can say she does not care whether she is beautiful or not. **Dr. T. Felix Gouraud's Oriental Cream, or Magical Beautifier** elicits a clear, transparent complexion, free from Tan, Freckles, or Moth Patches, and so closely imitating nature as to defy detection. It has the highest medical testimony as well as professional celebrities, and on its own merits it has become one of the largest and a popular specialty in the trade. Fred T. Hopkins, Sole Proprietor, 37 Great Jones Street, New York. For sale by all Druggists and Fancy Goods Dealers throughout the United States, Canadas, and Europe.

The late evangelist, Sam Jones, said "That a man might be a user of Tobacco and yet be a Christian." A smoker of Export Cigars will remain even-tempered and happy all the while, therefore the possibilities of his being a Christian must be enhanced.

QUALITY SELLS EXPORTS.
The largest selling 5c cigar in the west.

Societies and Clubs

The East Side W. C. T. U. will meet this afternoon at 3 o'clock with Mrs. J. Long, 730 East Cache la Poudre street. Miss Dugan, superintendent of systematic giving, will have charge of the program.

The social science department of the Woman's club will hold its regular meeting today in the San Luis school. Mrs. T. J. Fisher will read a paper on "The State Industrial Schools."

CITY BRIEFS

DANCING SCHOOL tonight at Majestic hall. All pupils requested to be present.

HALE LECTURE—Dean E. D. Hale of the Colorado College School of Music last night gave a lecture on "Schubert" at Perkins hall and H. F. Perrin gave some memories of his European studies.

DECLINES—President William F. Slocum of Colorado College has declined the invitation to deliver the commencement address at Leland Stanford university, on May 20, because of pressure of business here.

DELAY WORK—The breaking of ground for the new federal building, which was to have been this morning, will probably not be done until next Monday. The contractor George Schaaf has been unable to make arrangements for the excavation today.

MUSICAL CONFERENCE.—Dean Edward D. Hale and Henry F. Perrin of the Colorado College School of Music gave their regular weekly musical conference at Perkins hall yesterday afternoon at 5 o'clock. The next conference will be held as usual next Tuesday afternoon. Dean Hale played some Wagnerian transcriptions and Mr. Perrin gave one of Schubert's waltzes and a part of Chopin's famous "Concerto."

COMMITTEE TO MEET—Secretary Henry Russell Wray of the Chamber of Commerce, one of the members of the committee appointed to purchase the silver service for the cruiser Colorado, will meet with the committee in the near future to take steps for the purchase of the service. The appropriation of $4,000 for that purchase is now available. The other members of the committee are former Governors McDonald and Adams and Meyer Friedman.

Suffering & Dollars Saved.

E. S. Loper of Marilla, N. Y., says: "I am a carpenter and have had many severe cuts healed by Bucklin's Arnica Salve. It has saved me suffering and dollars. It is by far the best healing salve I have ever found." Heals burns, sores, ulcers, fever sores, eczema and piles. 25c at all druggists.

Everybody will be at Majestic hall next Thursday, April 23, to attend the ball given by Forester team No. 7226, Modern Woodmen. Fink's orchestra.

NEWS OF THE LOCAL COURTS

The preliminary hearing of Dr. Joseph R. Adams, the Pittsburg, Kan., physician, accused of bigamy, was yesterday reset by Justice O. R. Dunnington for this morning at 10 o'clock.

A. E. Sommerville, who is in the county jail awaiting trial in the district court on a serious charge, has signified his intention of pleading guilty, so as to secure the lightest possible sentence.

John Williams and Charles Johnson were each fined $5 and costs in police court yesterday morning for leaving a quarantined house without permission from the health department.

A New Preparation.

Chamberlain's Liniment is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by all druggists.

WALLBRIDGE IS MANAGER.

Curtis and Hine in Control of Companies as Before.

Owing to the constantly increasing construction work of the Central and the Eastern Colorado Power companies and the many duties pertaining to the management of these enterprises, Messrs. L. E. Curtis and Henry Hine, both of this city, have been succeeded as general managers by D. H. Wallbridge, formerly of New York. This change led to an unfounded report that Messrs. Curtis and Hine are no longer in control of the Central Colorado Power company. The report is absolutely without foundation, since Mr. Hine still retains the position of treasurer, with full control of the commercial business of the company, and Mr. Curtis is [illegible] and secretary, as before. Mr. Wallbridge, as general manager, has charge of the construction work. Copley Amory of this city remains as chairman of the executive board.

The Central Colorado Power company is capitalized for $22,500,000, and the Eastern Colorado Power company for $7,500,000. Both are extensively engaged in developing water-power properties. The Guanajuato Power and Electric company, operating in Guanajuato, Mex., is a large subsidiary organization, controlled by capitalists backing the two Colorado power corporations.

HENRY TROWBRIDGE ELECTED

Made Vice President of State Chapter S. A. R.

Henry Trowbridge of Colorado Springs was elected vice president of the Colorado state chapter of the Sons of the American Revolution at the annual banquet of the society held in Denver, Monday night. Mr. Trowbridge is one of the men interested in the formation of the chapter in Colorado Springs. The meeting for the organization of the Colorado Springs chapter under the charter granted at the Denver meeting, will be held tomorrow night in the palm room at the Antlers. Besides the 22 applicants for the charter there are more than 20 others who are eligible to join the society. The committee in charge of the organization of the chapter consists of Henry Trowbridge, Dr. W. W. Arnold and F. H. Pettingell.

Personal Mention

J. F. Thomas has returned from a three weeks' trip to the Pacific coast.

Dr. and Mrs. D. J. Scully have gone to New York city to spend a month.

Willis R. Armstrong, cashier of the Colorado Springs National bank, is ill at his home on West Uintah street.

Harry Ingledue returned yesterday afternoon after an absence of six months in California.

E. S. Hall, W. McCullough, H. C. Brown and R. Fairnie compose a London party at the Alta Vista on their way home from the Pacific coast.

W. H. Wesson, with a party of wealthy eastern tourists, will arrive in Colorado Springs, Saturday afternoon, in the private car "Mayflower," over the D. & R. G., from the coast, to spend several days visiting the Pikes Peak region.

Don't forget to buy a trunk at Harbaugh's while the big sale is on. Walk a block and save the price of a pair of shoes.

SYNAGOGUE IS PLANNED

Will Be Considered at Meetings Today and Tomorrow.

For the purpose of considering plans for the erection in Colorado Springs of a Jewish synagogue, meetings will be held this and tomorrow mornings at 8:30 o'clock, at the corner of West Kiowa and Seventh streets.

Rabbi M. M. Grinblum will conduct the services to which all Jewish people are invited. The services tomorrow morning, known as "hafkaras neshomosis," is an assembly of the Jewish people for the purpose of paying tribute to departed friends.

Everybody will be at Majestic hall next Thursday, April 23, to attend the ball given by Forester team No. 7226, Modern Woodmen. Fink's orchestra.

$50 CALIF. AND RETURN $50

April 25th and 26th via Rio Grande.

Meet me at the Crystal tonight. "Nuff Ced."

WILL PROBE PAPER TRUST

Cannon Names Committee to Investigate Democrats Vote Against the Resolution.

WASHINGTON, April 21.—Although several hours were consumed in roll calls, the day in the House was one of comparative activity, and several measures of importance were put through. The principal of these, perhaps, was the resolution by Speaker Cannon providing for an investigation of the paper trust, and in pursuance of its provisions the speaker announced as the committee of six who will conduct the investigation Mann, Illinois; Miller, Kansas; Stafford, Wisconsin; Bannon, Ohio; Sims, Tennessee, and Ryan, New York.

The Democrats as a unit voted against the resolution after the declaration by Mr. Williams that he did not believe a sincere effort would be made to arrive at the truth.

Another measure was one in which importers generally are interested and which practically creates the board of general appraisers at trial courts in matters pertaining to custom duties, appeals therefrom to be taken to the circuit court of appeals instead of the circuit court, as heretofore.

$50 CALIF. AND RETURN $50

April 25th and 26th via Rio Grande.

GOOD WORD FOR TAFT

Two Delegates Unpledged, but Preference Is Expressed.

BOSTON, April 21.—Unpledged delegates to the Republican national convention were elected by the Twelfth district convention, held today. Delegates chosen are W. O. Faxon of Stoughton and Edward W. Baker of Brookline. A resolution was adopted declaring that while the convention did not desire to bind its delegates by pledges in instructions, it did "deem it proper that the delegates know that the Republicans of this district have a decided preference for the nomination of W. H. Taft for President of the United States."

The Story of a Medicine.

Its name—"Golden Medical Discovery"—was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of purest, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical men of all the different schools of practice, men who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same, by postal card, or letter, addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients comprising the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in it use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

DELEGATES UNINSTRUCTED

New Hampshire Republicans Decide to Leave Representatives to Chicago Unhampered.

CONCORD, N. H., April 21.—Six of the eight members of the New Hampshire delegation to the Republican national convention at Chicago were selected today at the state and Second district conventions, and the platform, which was identical in each case, contained a resolution to the effect that "the real interests of the party and of the presidential candidate, to be nominated at Chicago will best be served by the omission of instructions, specific or implied, in the form of resolutions or preference."

The platform also favored an early revision of the tariff and indorsed President Roosevelt.

Leaders of the Taft movement in the state, including former Governor Frank W. Rollins, and Winston Churchill, while expressing disappointment over the outcome of the state convention, stated after the proceedings were over that in their opinion, five of the six delegates chosen today will vote for Secretary Taft on the first ballot.

SALOONS HOLD THEIR GROUND

Most of Forty Cities and Towns in Illinois Vote Against Prohibition.

CHICAGO, April 21.—The saloon forces were generally successful in the 40 or more towns and villages of Illinois which voted on the local option question today. Definite figures are lacking in many cities, but it seems certain that not more than 100 saloons are closed out of business. The larger communities almost without exception retain their licensed dram shops. Cairo, the largest city in which the question was an issue, gave the saloons a majority of 3,352.

The principal exceptions to the general result were Effingham, Thebes, Pinckneyville and Maperville. Some 35 saloons lost their licenses in these four cities. In Cook county 12 of the villages bordering Chicago balloted for or against the liquor interests. In only one, however, was there a change from previous conditions. Barrington going "dry" by a small plurality. Ten others voted to retain their saloons and one decided not to admit the drant shops.

ROYALTY ON VISIT.

British Sovereigns Make Trip to Copenhagen.

COPENHAGEN, April 21.—King Edward and Queen Alexandra arrived here today from London on a visit to the Danish royal family. They were welcomed by King Frederick and Queen Louise, the diplomatic corps and civil and military dignitaries. The streets through which the royal party passed to the palace were gaily decorated and crowded with people.

Norway produces annually some 600,000 tons of ice. London buys one-third of this.

CLOSES DEFENSE OF WILKINS

Surprise Spring in Trial of Man Charged With Murder of Mrs. Carmin.

OAKLAND, Cal., April 21.—Attorney Hugh McIsaacs, counsel for Mark A. Wilkins who is charged with the murder of his putative wife, Mrs. Vernie Carmin, created surprise this morning in Oakland when he closed the case for the defense without offering any testimony. It is believed that Attorney McIsaacs is going east to ascertain whether or not the woman of whose murder his client is charged is really Mrs. L. L. Carmin of Kansas City, whom the prosecution has contended she is. Last week Wilkins was shown a picture of Mrs. L. L. Carmin by McIsaacs, and at the time he expressed a doubt as to whether the picture was that of the woman with whom he was living in Elmhurst and whom he is now accused of murdering.

In the event that it was established that the woman of whose murder Wilkins is charged was not Mrs. Carmin the case would have to be dismissed and it might be ruled that Wilkins was once in jeopardy and would be freed on any charge in connection with the death of the woman with whom he was living.

INCREASE IN PENSION ROLLS

Under New Law Congress Will Pay Over $162,000,000 This Year to Pensioners.

WASHINGTON, April 21.—The new pension act, which went into effect on April 19 gives to 201,051 widows and other pensioners an increase of $4 a month. All pensioners getting less than $12 will receive that amount commencing April 19 without the necessity of putting in new claims. The increase will operate automatically.

In addition to the increase of $9,650,448 in the amount of the pension roll, it is estimated that $2,000,000 in additional claims will be filed during the coming year on account of the provisions in the new act granting a pension of $12 to widows of officers and enlisted men who served 90 days or more in the army or navy during the Civil war. The new act will give an increase to one widow of a soldier in the war of 1812, to 883,808 Civil war pensioners under the general act, 7,097 Mexican war beneficiaries and 2,017 widows of participants in the Indian wars. Over $162,000,000 is expected of Congress this year, being $8,000,000 more than the appropriation of 1907 which was the largest ever authorized.

PINCKNEYVILLE, Ill., April 21.—Pinckneyville was today added to the list of "dry" cities. The anti-saloon forces paraded the streets and the schools were closed because of the absence of pupils who were participating in the parade.

It's fresh daily. The butter we sell is noticeable for its purity and good taste. We deliver it with your milk order.

LOUISIANA ELECTIONS.

Democrats Carry Six to and Prohibitionists Lead.

NEW ORLEANS, April 21.—Early returns from today's state elections indicate that the Democratic ticket, headed by J. Y. Sanders for governor, has been elected throughout.

Returns of the Prohibition election in Acadia and Landry parishes are coming in slowly. Early in the night, however, the Prohibitionists were leading in Acadia.

APOLLONIAN CLUB BANQUET

Colorado College Society Holds Annual Affair at Cliff House.

The Apollonian club of Colorado College last night held its annual banquet at the Cliff House, twenty-five being seated at the tables. President Harry L. Ewing acted as toastmaster, and among the speakers were President William F. Slocum, Lacey McIntosh and James Blake. The banquet was one of the most enjoyable in college circles this year.

CAIRO, Ill., April 21.—Cairo went "wet" today by a majority of 3,352 in the local option election. Cairo has 79 saloons. Thebes went "dry" by a vote of 95 to 88. Thebes has six saloons.

ENGLAND SAYS NO ALUM IN FOOD

and strictly prohibits the sale of alum baking powder

So does France
So does Germany

The sale of alum food has been made illegal in Washington and the District of Columbia, and alum baking powders are everywhere recognized as injurious.

To protect yourself against alum, when ordering baking powder,

Say plainly

ROYAL BAKING POWDER

and be very sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

A. L. FELLOWS TO SPEAK.

Will Address Polytechnic Society Saturday Night.

A. L. Fellows of Denver, formerly in charge of one of the branches of the government reclamation service, will address the Colorado Polytechnic society in the society's room in Cutler library, at 8 o'clock next Saturday night. His subject is "Recent Construction of Storage Reservoirs." The address will be illustrated with lantern slides.

Mr. Fellows is particularly well adapted to discuss this subject, by reason of his long experience in this work. He is well-known in Colorado through his water supply and irrigation investigations.

The address will be free to all.

TAKEN FAST—The body of C. W. Campbell, aged 40, who died Monday after a long illness, was taken to his old home, Athens, Ill., last night. Mr. Campbell came to this city sixteen months ago for his health.

BIG DAMAGE SUIT IS ON.

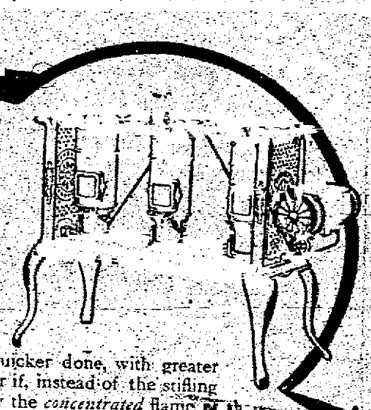
U. S. R. and R. Seeks to Collect $250,000 From Rio Grande.

A spark from a locomotive may cost the Denver & Rio Grande Railroad company $250,000 if the United States Reduction and Refining company, of this city, is successful in its suit against the railroad, trial of which has just begun in the district court at Canon City.

The reduction company claims that the fire which destroyed its National mill at Florence two years ago, was caused by a spark from a passing Rio Grande engine.

Meet me at the Crystal tonight. Nuff Ced.

ORGAN RECITAL—Bertram T. Wheatley, organist and choirmaster of St. Stephen's church, will repeat his organ recital tomorrow evening, at the church, for the benefit of those who were unable to attend yesterday. He will be assisted by Miss Bessie Manning, violinist.



For the Summer's Cooking

Protector of Trust Funds

When a Trust Fund, an Estate, or a Legacy is set aside by a man he intends it to be for the benefit and relief of those whom he names.

Suppose the carrying out of the provision is left to the wisdom and discretion of an individual. He may resign, die, or prove incompetent.

The better plan is to ASSURE the carrying out of each bequest or direction by the appointment of **THE COLORADO TITLE AND TRUST COMPANY** of Colorado Springs, to represent you. It is authorized to serve as Executor, Administrator, Guardian, Agent, Attorney-in-Fact, or Trustee.

Its affairs are conducted by experienced business men who have faith in it as a company, pride in its soundness and success, and who give their attention to each Trust entrusted to them.

They solicit correspondence on any trust company subject.

The Colorado Title and Trust Co.

of Colorado Springs, Colorado.

What the Press Agents Say

"THE BOSS OF THE RANCH"

The Gertie Dunlap company, playing this week at the Opera House, are having good houses and the company is presenting good plays. This evening they will present a new comedy drama entitled "The Boss of the Ranch." Tomorrow (Thursday) matinee and night, they will present "A Man for His Money," a play [illegible] Friday evening they will be [illegible] in "Colorado." On Saturday matinee and night, they will close their engagement with "The Wizard of Wall Street." Popular prices are charged.

GERTIE DUNLAP
The Popular Actress Playing This Week at the Opera House.

JOHN DREW IN "MY WIFE"

"My Wife" is the name of John Drew's latest play, which will be the attraction at the Opera House on next Tuesday evening. It was produced by Charles Frohman at the Empire theater, New York city, at the beginning of the season, and ran there four months. The piece is described as giving Mr. Drew fine opportunities for the display of his gifts as a high-class actor of refined comedy. John Drew, in a dress suit, has become an exclusive feature of American theatricals, and in "My Wife" he has absolutely lived up to his blue china. Associated with Mr. Drew in the successful presentation of this comedy is the star's new leading lady, Miss Billie Burke. She plays the part of Trixie, and whose charming ingenuous ways and sweetly natural style of acting won her instant metropolitan popularity. She is an American girl who, after four years of success on the London stage, came to New York for this role, making her first American appearance in F. Ferdinand Gottschalk, the exquisitely droll little comedian, who was seen with Mr. Drew in "The Duke of Killicrankie." Is also a member of the company. Besides these already named, the Drew company includes Miss Agnes Goldsmith, Dorothy Cochran, Miss [illegible] Ida Greaves Stuart, Walter [illegible], Herbert Budd, Albert [illegible], Mr. [illegible] Jefferson, Jr., and Mr. Drew.

"THE INCENDIARY FOREMAN" AT FAIRYLAND

This exceptionally fine picture continues to draw large crowds to Fairyland. By special request Mr. Braden will run this grand fire scene two more days. You should not fail to see this picture. The rest of the program changes today, and Mr. Braden has been very fortunate in securing another very attractive film for today and tomorrow entitled, "The Black Princess." This is an extraordinary picture taken in South America. 200 people are in the cast. Horses, camels and monster elephants take a prominent part throughout the picture, which requires a 1,000-foot reel of film. With these magnificent pictures, Fairyland promises a most enteresting entertainment. Today is carnation day, every lady attending the afternoon performances will receive a fresh carnation. New illustrated song.

WILL BE MARRIED TONIGHT.

Carpenter-Gardner Wedding at St. Stephen's Church.

The marriage of Miss Helen Violet Gardner, daughter of Mr. and Mrs. Herbert Gardner, to Lewis Gibbs Carpenter, son of Mr. and Mrs. Clarence Carpenter, will be celebrated this evening in St. Stephen's church at 8 o'clock, the Rev. Arthur N. Taft, the rector, officiating. The bride will be attended by Miss Gladys Silsbee of Chicago, as maid of honor, and by Miss Phyllis Foster, Miss Helen Curtis, Miss Margaret Anderson, Miss Abby Lansing, and Miss Mary Johnsone, as bridesmaids. Mr. Albert Gardner, the bride's brother, will be Mr. Carpenter's best man, and Messrs. Edward A. Rosenfelt, George C. Lockhart, Raynor Gardiner, Samuel S. Pierce and William Hewbert will be the ushers.

Only the bridal party will be entertained at the residence of the bride's parents, on West Dale street, as the invitations for a large reception were recalled a few days ago, owing to the death of the groom's grandfather, the Hon. Alexander Lewis of Detroit, Mich., last Saturday.

The young couple will leave on the 3:40 train for the east and sail for a brief European trip on April 28. Early in June they intend to return and occupy the DeCourcey residence, 23 West Dale street.

PERHUNE TO SPEAK—Mr. Perhune of the Rocky Mountain Fire Underwriters association, will speak this evening at 7:30 o'clock before the insurance association meeting of this city, which will be held in the State Realty company's offices, 25 East Pikes Peak avenue, on the new changes in the schedule of rates of insurance. Mr. Perhune will also maintain headquarters in the same offices for a couple of weeks to explain this new schedule to the general public. He will remain until it goes into effect.

BOY HURT IN RUNAWAY.

Has Narrow Escape From Death. Many Witness Accident.

Thrown violently from a wagon and knocked unconscious by the fall of fifteen feet, Charles Denny, 14 years old, was the victim of a runaway accident, from which he miraculously escaped with only a few cuts and bruises, in front of Heinley's jewelry store, 13 North Tejon street, just after noon yesterday. The accident was the result of a runaway which started on North Tejon street, near the college.

The horse dashed down the street, with the lad holding tightly to the reins but unable to control the frightened animal. Just below Kiowa street the horse swerved to the east and the front wheels of the wagon struck the mud guard of an unoccupied automobile. The wagon was overturned and the boy thrown to the ground, but the horse turned west on Pikes Peak avenue and continued down Cascade avenue.

A crowd quickly gathered about the boy, who was carried unconscious into the jewelry store. Several doctors arrived within a short time, his injuries being found to consist only of cuts on the forehead, cheek and lip. He was taken to the home of his uncle, Edward Denny, 1019 Washington avenue.

The boy was driving the Denny & Sommers delivery wagon at the time that the runaway occurred.

Buy your suit cases and valises at Harbaugh's and save the price of a new hat. (Closing out).

TRIES TO RAIN—Enough rain fell yesterday at two different times to wet the sidewalks in a seeming attempt to break the record that April has held for dryness. The total amount, however, up to 5 o'clock was only enough to add another one-hundredth of an inch to the month's precipitation, bringing the total up to [illegible] for the month thus far. In the mountains, however, the rainfall was heavy.

SHAKE INTO YOUR SHOES

Allen's Foot-Ease, a powder. Relieves painful, smarting, nervous feet and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. STOCKS ARE STAGNANT

DULLNESS AGGRAVATED RATHER THAN RELIEVED.

Balancing of Certain Interests Against Each Other Keeps Market at Dead Level.

NEW YORK, April 21.—The extreme dullness of yesterday's stock market was aggravated today by the resumption of operations in foreign stock markets and in Boston, although the Easter Monday holiday abroad was advanced as a special explanation of the halt in New York. Rather the dullness was aggravated today and the inertia of the mass of the list of securities was not overcome at any time by the moderate movement in a few special stocks. Stocks were in scant supply and were not pressed for sale in any large volume, but, on the other hand, general demand was almost stagnant. The dull and almost motionless market is the consequence. Immediate developments bearing on the financial situation were not important today. It is evident, however, that the prevailing mood of waiting is the effect of the balancing of certain considerations one against another, which seem to hold the market for the time at a dead level. On the one side is a renewed reaction of the business and trade activity which threatens additional inroads upon the earning power of industries, while on the other is the growing accumulation of money in banking centers and the promise of floods of supplies which will float investment securities in the market. Confidence in the latter force is inferred from the continued plans for new financing which are coming to public knowledge. Bankers and railroad administrators, it argued, would not continue to bring out these new issues unless they had confidence in the revival of a demand to absorb them, and in a maintenance of a price level that would make their flotations profitable.

The demonstration of this theory remains to be made, and the growing plethora of money has not yet awakened the investment demand for securities, although negative effect of entirely suspended liquidation is very apparent. No official information can be secured of the plan of making sales of new securities already offered but the assumption is general that a very slow market exists for them as yet. It was rather significant that the filing of a mortgage for $35,000,000 on Illinois Central equipment caused a sharp drop in the price of that stock today. Pennsylvania was conspicuous because of the reported determination of the directors to issue $50,000,000 of bonds under an authorization given many years ago, although there was no official announcement on this subject. Other similar financial needs are to be met by many leading railroad systems of the country. A sustaining influence in the day's market was the announced reception of trunk line executives in favor of an increase of 10 per cent in general freight rates, which will affect all the lines east of the Mississippi river and in New England. Downward course of railroad earnings is a depressing factor on stocks, and the prospect thus offered of raising the earnings was a relieving factor.

There was a notable absorption of United States Steel and the upward course of this stock and of Union Pacific was of large sympathetic effect on the whole list, leading to the strong closing.

Bonds were irregular. Total sales, par value, $2,718,000. United States bonds were unchanged on call.

Furnished by Otis & Hough, brokers.

CHICAGO, April 21.—Cattle—Receipts about 500. Market strong; beeves $4.00@7.25; cows and heifers $2.50@5.25; Texans $4.00@5.00; calves $4.00@7.25; western steers $4.00@5.50; stockers and feeders $3.00@5.00.

Hogs—Receipts, about 34,000. Market 10@15 lower; light $5.25@5.60; mixed $5.00@5.65; heavy $5.25@5.65; rough $5.25@5.35; pigs $4.25@5.10; bulk of sales $5.30@5.50.

Sheep—Receipts, about 14,000. Market strong; natives $5.00@6.75; western $5.00@6.40; yearlings $6.00@7.10; lambs $6.00@7.70.

WOOL MARKET.

ST. LOUIS, April 21.—Steady; territory and western mediums 18@20; fine mediums [illegible]; fine [illegible].

WHEAT TAKES A JUMP

ACTIVE DEMAND SENDS ALL GRAINS HIGHER.

Decrease in Visible Supply and Small Receipts Strengthen Market.

CHICAGO, April 21.—Limited offerings for May wheat caused the price of that option to advance more than 2 cents in the local market today, part of the gain was lost on realizing sales, the close showing a net advance for the day of 1⅛@1¼c. Corn was up ⅝@¾c. Oats were ⅛ higher. Provisions were 2½@5c lower.

The sharp upturn in May wheat was caused by the active demand of shorts and bulls, who found the offerings to be limited. The market was bullishly affected by the strength of the European markets, where prices were up ½ to ¾c. A liberal decrease in the world's visible supply and continued small receipts in the northwest were additional strengthening influences. The sales in May caused a moderate advance in the distant deliveries, but later the July and September options weakened because of favorable weather in the southwest. The market closed irregular. May was firm, but July and September options weakened because of favorable weather in the southwest. The market closed irregular. May was firm, but July and September barely steady. May opened ¼ to ⅜c higher, at 94¼@¾c to 94⅞c, advanced to 96⅛ and closed at 95¼@¾c.

Clearings of wheat and flour were equal to 83,100 bushels. The world's visible supply, as shown by Bradstreet's, decreased 2,300,000 bushels. Primary receipts were 229,000 bushels, against 710,000 bushels on the same day last year. Minneapolis, Duluth and Chicago reported receipts of 290 cars, against 192 last week and 729 one year ago.

The corn market was strong all day because of firm cables, the bulge in wheat and small local receipts expected tomorrow. May corn opened ¼@⅜c to ⅜@½c higher, at 66¼ to 66⅝, advanced to 67c and closed at 66⅞. Local receipts were 471 cars, with 41 of contract grade.

The oats market was firm in sympathy with wheat and corn. Favorable weather for the new crop had a depressing effect on the distant futures. May opened ⅛@¼c higher, at 53⅝, sold at 53¾ and closed at 53⅝@¾c. Local receipts were 321 cars.

Provisions were inclined to be weak because of realizing sales in the May delivery and a 10c decline in live hogs. At the close May pork was off 2½c, at $17.77½. Lard was down 2½c, at $7.92½. Ribs were 2½@5c lower, at $8.80@8.85.

Estimated receipts for tomorrow: Wheat, 13 cars; corn, 190 cars; oats, 127 cars; hogs, 23,000 head.

COULD NOT WALK FOR FOUR MONTHS

Mass of Itching, Burning Humor on Ankles—Feet Fearfully Swollen—Opiates Alone Brought Sleep—Many Treatments Failed but

TORTURES OF ECZEMA YIELDED TO CUTICURA

"Cuticura Remedies are all you claim them to be. I had eczema for over two years. I had two physicians, but they only gave me relief for a short time and I cannot enumerate the ointments and lotions I used to no purpose. My ankles were one mass of sores. The itching and burning were so intense that I could not sleep. I could not walk for nearly four months. One day my husband said I had better try the Cuticura Remedies. After using them three times, I had the best night's rest in months unless I took an opiate. I used one set of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent Pills, and my ankles healed in a short time. It is now a year since I used Cuticura, and there has been no return of the eczema.

"I had a small lump in the corner of my eye for over a year which was very painful and got larger all the time. I thought I would try Cuticura Soap and Ointment on it, and now it is gone. I am seventy-three years old and have lived on the farm I now occupy for twenty-seven years. Cuticura Remedies are the safest and most reliable I have ever used for all skin humors. Mrs. David Brown, Locke, Crawford Co., Ark., May 18 and July 13, 1907."

DISFIGURED

For Life is the Despairing Cry of Thousands

Of skin-tortured and disfigured victims of humors, eczemas, tetters, and rashes, who have tried and found wanting many remedies, and who have lost faith in all. To such Cuticura Soap, Ointment, and Pills appeal with irresistible force. They are absolutely pure, sweet, gentle, and wholesome. They afford immediate relief in the most distressing cases, and point to a speedy cure when all else fails.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.), to Cleanse the Skin, Cuticura Ointment (50c.), to Heal the Skin, and Cuticura Resolvent Pills (50c.), to Purify the Blood. Cuticura Pills 25c. per vial of 60, to Purify the Blood throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Automobile World

There are over 2,500 automobiles registered in Belgium.

Indianapolis dealers sold 200 cars during the week of their second annual show.

An automobile club has been formed at Boyertown, Pa., which boasts of just an even dozen cars.

The membership of the Associated Automobile Clubs of New Jersey has doubled in the past year.

Fall River, Mass., motorists have organized a club and have obtained a charter from the state.

The oldest house in the United States, built in 1565, in St. Augustine, Fla., has been fitted up as a garage.

The Automobile club, of Lancaster, Pa., is planning to build its own club house with garage attached.

The pressure of the air in tires never should be allowed to fall below 75 pounds to the square inch.

Bicarbonate of soda should be scattered on the bottom of a battery box to prevent injury from spilled acid.

Motorists of Pottstown, Pa., have formed a club, one of the chief objects of which will be to work for good roads.

Dayton, Ohio, is to have an automobile show, the first in the history of the city, beginning April 2 and lasting six days.

The Chicago Automobile club is planning a 24-hour track race, to be held as early in the season as the weather is suitable.

The Detroit Automobile Dealers' association will have a reliability run, covering about 412 miles, April 30 and May 1.

As aluminum paint is heat retaining it never should be used on an engine. The most satisfactory covering for cylinders is black lead.

There are now from 700 to 800 motor buses in London, of which more than 600 are owned and operated by two large companies.

Members of the New York Athletic club who own cars have formed a motoring section, which already has nearly 400 members on its roll.

If a ball in a bearing shows wear all should be changed, as to insert but one new one will almost invariably result in a series of broken balls.

A Buffalo member of the New York legislature has introduced a bill to give garage proprietors liens on cars for services in connection with them.

Russia's annual automobile show will be held this year by the Automobile club of Moscow from May 6 to 20 and will be international in character.

Robert Allison, of Port Carton, Pa., who is the proud purchaser of an American-made automobile, recently celebrated the tenth anniversary of that event.

As the first care of a driver is the safety of his passengers the brakes should always be tested on starting a run before changing to a high gear.

With the arrest of the promoter on a charge of uttering forged checks for cars, the plan for a motor-car service on the island of Jamaica fell through.

Commissioner of Highways James H. MacDonald, of Connecticut, has purchased a touring car and hereafter will ferret out bad spots in state roads with it.

The Albany, N. Y., Automobile club has issued notices to its members urging them to be cautious, courteous and conscientious so as to win and hold public esteem.

New Jersey has 1,235 miles of roads toward the building of which the state has contributed $2,283,000. In addition the counties have built 500 miles without state aid.

This year automobile week at Ostend will begin July 14, the affair being promoted by the Automobile club of Belgium, assisted by the Antwerp and Flanders clubs.

As an incentive to good road building a sugar firm at Alma, Mich., has offered a reward of $100 for every mile of road built under the state aid act within eight miles of Alma.

The plan of classifying competing cars according to their piston displacement again will be followed in the hill-climbing contest of the Cleveland Automobile club on Memorial day.

More than 50 members of the Automobile club of Washington, D. C., will participate in a three-day run that will begin May 29 and cover about 261 miles through four states.

The annual commercial vehicle trials under the auspices of the Automobile club of France will begin Tuesday and continue until May 25. The annual engine competition will follow it.

The Quaker City Motor club and the Automobile club of Philadelphia have joined forces to prepare a complete series of road maps and touring guides of Pennsylvania and adjoining states.

The touring board of the American Automobile association has had a dozen assistants constantly employed at its headquarters in Buffalo supplying information as to routes, roads, etc.

Canadian road builders are having great success with macadam roads in which the smaller courses of stone are mixed with hot tar, the roads being top dressed with limestone dust, rolled into the tar.

A novelty in the form of a movable show is being planned by the American Motor Car Manufacturers' association. The plan calls for a train of 30 freight cars to carry machines and another train of passenger coaches for salesmen and demonstrators to travel from city to city giving exhibitions.

Overheating is the chief cause of pre-ignition. When it occurs, if a test shows the radiator to be cold and the water jackets to be hot, the water is not circulating, probably owing to a pump stoppage.

As an additional argument in favor of holding the Vanderbilt cup race at Savannah, citizens of that enterprising city are offering to open their homes and take in spectators to the number of 25,000.

The Great Brighton track, in England, is governed by a rigid set of rules which are lived up to the letter. No driver, no matter how prominent or influential, is allowed on the track after 5 p. m.

Congress has a bill providing an appropriation of $60,000 for experimenting with an automobile post coach service for passengers, mail and baggage over routes to be designated by the postmaster general.

Public sentiment and the farmers' influence are the two prime factors in fostering good roads, according to Professor W. H. Hotchkiss, director of the Wisconsin geological survey, who is a motorist.

Newspapers in Indiana generally are indorsing a plan to have the local government advance money to officials whose duties require them to travel, to enable them to buy automobiles with which to expedite business.

Interest has been revived in the National Retail Automobile Dealers' association, which was reorganized during last fall's Chicago show, and it now has over 300 members, nearly every state being represented.

Frederic Courtland Penfield, former consul general to Egypt, who is touring Europe with his bride in a motor car, may spend a month along the Nile in the fall to enable him to revise his book, "Present-Day Egypt."

The New York city aldermen have given permission to physicians to speed their cars in answering emergency calls, provided they display red-cross flags by day and white lights with red crosses by night.

Former President Charles J. Swain of the Quaker City Motor club, is pressing for the appointment of an official referee who is not a member of the club's contest committee, to supervise all meets, races and other contests.

A syndicate of French motorists is planning to build a race course of about nine miles in circuit, which can be utilized as a public highway when not used for contests, on the high plateau above Spa, the famous Belgian health resort.

The American Automobile association has completed arrangements with an express company by which automobiles may be shipped to any foreign port by its members at a rate lower than can be obtained by a nonmember.

Detroit city officials expect to save $100,000 a year by establishing in a central location an automobile fire company instead of increasing the number of men in each company, for which $180,000 recently was appropriated. By answering all alarms the motor company will provide men for companies shorthanded by leave of absence or sickness.

Although motorists who travel about New Jersey have little love for Senator Freilinghuysen, author of that state's drastic motoring law, they now are thanking him for engineering through the legislature a bill requiring all vehicles to carry lights at night.

Colorado City News

The Midland road has a contract to supply the city of Colorado Springs 450 carloads of disintegrated granite to cover Tejon street in the business district. The work of getting this gravel was begun yesterday, when the big steam shovel was put in operation at Edlowe. The road also has a contract with Denver for 2,000 loads of the same material for use on the streets of that city.

Five engines belonging to the Colorado Midland company are being rebuilt at the shops here at the cost of $6,000 each. The company has also built two coaches of the latest design, finished inside witht mahogany, during the last two months, and is now at work on a third. The estimated cost of these coaches is $13,000.

The Colorado Midland railroad company has equipped all its engines with electric headlights. The company is now installing gas equipment in the yards, from which trains will be supplied. Two great tanks from Germany have been received to convey gas to other points on the road for distribution to trains.

E. S. Nichols, secretary of the board of education of this city, is the only candidate at present in the field for the position of school director. It is said that there is another candidate who is being held in the background for the present. Senator John B. Stephen, who is a member of the board at present, has declined to run again.

Freddie Vanarcher, the small son of Oliver Vanarcher, 510 Robinson avenue, broke his left arm Monday by falling from a wagon near Calhan. The boy was brought to the Emergency hospital in this city by the father early yesterday morning, and Dr. J. F. Willard set the broken bone.

The Meneley Bells quartet will give an entertainment this evening at the First M. E. church, under the auspices of the churches of this city. The company is composed of Helen Ruth White, soprano; May Turner, alto; L. H. Upton, tenor and F. G. Szirosky, bass and impersonator.

Crystal temple No. 5, Pythian Sisters, will hold its regular session this evening at 7:30 o'clock. There will be initiation. Captain Phillips will be present to lead the degree staff. All members are urged to attend.

Alderman William Lushinsky has a blooming cactus in the window of his store, 519 Colorado avenue, which is one of the most beautiful ones in the city. The plant is eight years old.

A meeting of the Columbine Choral club will be held this evening at the residence of Stanley Effinger, 519 Lincoln avenue, instead of tomorrow night, as previously announced.

A. T. Folger, who has been agent of the Colorado Midland road in this city for some time, has resigned. R. W. Beubendale, formerly of Cardiff, has succeeded him in this city.

Margaret Dwyer, the young daughter of Mr. and Mrs. Thomas Dwyer, of 127 Jefferson avenue, who has been seriously ill, has recovered and is able to be out.

The Ladies' Aid society of the First Methodist church will meet tomorrow afternoon at the home of Mrs. Kinter, 908 Jefferson avenue.

John Rowan, night captain of the police force, who has been off duty for a few days on account of sickness, resumed his work last night.

W. E. Richards, proprietor of the Pikes Peak bakery, left yesterday morning for a two weeks trip to Hartsel.

A daughter was born to Mr. and Mrs. Carl Coupon, 714 Jefferson avenue, Monday. Both mother and child are doing nicely.

Coal! Coal! Coal! Coal to burn. Coal that will burn. C. M. Sherman.

Mr. and Mrs. Samuel Bryan are the parents of a son born to them Monday at their home, 1522 Midland avenue.

No police court was held yesterday morning.

Get your harness at Harbaugh's, and you can pay for your wife's or sweetheart's Easter hat. (Closing out).

Have You Ever Been Stumped

during your auto rides by the sudden stoppage of your machine from some unexplainable cause? If you had sent it here before starting out we would have detected the weakness or damage, no matter how slight it was. We would have repaired it and saved you from the breakdown. Don't be caught the next time. Have us go over your auto and make sure of it.

WORK PRINCE ALBERT

NEW COMPANY WILL DEVELOP OLD PROPERTY.

Shaft Will Be Sunk to Water Level and Tunnel Driven on South End.

Special to The Gazette.

CRIPPLE CREEK, April 21.—There is a strong probability that the Prince Albert holdings, located on the extreme southeast slope of Beacon hill, will be extensively developed very soon. It is proposed to organize a strong company and sink a new shaft down to water level, and to also drive the tunnel, which has been extended a short distance from the south end of the property.

In the early days considerable rich ore was found and shipped from this property, most of it being found near the surface. The property has really never been idle, a few sets of lessees operating and shipping intermittently a fair quality of ore. There has been considerable work done on the Beacon claim, where a shaft about 500 feet deep has been sunk.

Those who propose to develop the Prince Albert are of the opinion that the famous and rich flat vein, which has been opened up in the Gold Dollar property, just to the north, traverses the Prince Albert territory at depth. This flat vein is now producing a large quantity of ore of a superior grade, and if it should be found in the Prince Albert ground it would make this company once more a famous shipper.

ARE SHIPPING ORE

Big Four Company Has Good Rock in Carbonate Queen.

Special to The Gazette.

VICTOR, Colo., April 21.—The Big Four Leasing company, operating on the Carbonate Queen of the Cripple Gold Mining company, was loading out a car of ore at Eclipse gulch this morning. The ore, mined at the 100-foot level of this Battle mountain property, was of about two-ounce grade.

The crews on the Dead Pine dump, another Battle mountain holding of the Cripple company, commenced to load out a fourteen-car shipment this morning. The ore, consisting of coarse rock and crystals, will average one ounce in gold to the ton.

Lester Hansen and associates, operating at the 50-level of the Dead Pine, are preparing a shipment of two-ounce ore.

ORE RUNS $35 A TON

Strike Made on Bonanza King Near Surface.

Special to The Gazette.

CRIPPLE CREEK, April 21.—D. O. Darnell of this city, leasing on the Bonanza King, on Gold hill, has made another surface strike on that property. From a trench not over 10 feet deep the lessee has disclosed the main Bonanza King lyke and the quartz brought to surface will bring close to $35 a ton. Today's shipment of 25 tons is estimated to contain values as above. The quartz carries considerable rusty gold, and closely sacked would return a much higher value.

EXPERTS AT WORK

Grouse Mountain Property Being Examined for Prospective Operators.

Special to The Gazette.

CRIPPLE CREEK, April 21.—The Newell tunnel, penetrating Grouse mountain, with laterals extending into Beacon hill, is being examined by experts preparatory to a resumption of work. A prospecting permit has been secured by local parties, and if the results are satisfactory, they will operate on an extensive scale. The bore has already been driven approximately 1,250 feet, by the Buffalo and Cripple Creek Gold Mining company. This company has secured a 20-years lease on lots 52, 60 and 61, containing 30 acres, in school section 36, on Grouse mountain, and also secured and patented the Winner lode of seven acres on Beacon hill. Numerous veins and dykes carrying values were encountered, and it is believed that with existing treatment rates this ore may now be mined at profit. The property is now in the hands of the bondholders of the Buffalo and Cripple Creek company.

WILL SINK SHAFT

Kaffirs Gold Mining Company to Work on Squaw Mountain.

Special to The Gazette.

VICTOR, April 21.—Work will shortly commence on the property of the Kaffirs Gold Mining company on Squaw mountain, south of this city. The property has been secured under lease by the Kaffirs Leasing company for a three-year term, with royalties of 20 per cent on all ores marketed, regardless of grade or value. The leasing company will, in addition to sinking the main shaft, crosscut for the extension of the May B. vein, a producer in the adjoining May B. property.

A Reliable Remedy for the

Whiskey and Beer Habit

Very few men become drunkards because they like liquor. It is frequently the moderate drinker, who before he realizes his condition, has become a drunkard. The nervous system, having become accustomed to stimulants, is unable to do the same amount or quality of work without liquor, hence the victim drinks more and more. This is a state of disease and should be treated by Orrine. It destroys the desire for liquor, so that the drink is not missed. There is no loss of time or detention from work when it is used.

Orrine is prepared in two forms: No. 1, the secret remedy which can be used in food or drink without the knowledge of the patient; No. 2 for those who take the remedy of their own free will. Both forms are guaranteed. A registered guarantee in every box.

Treatise on how to cure drunkenness free on request. The Orrine Co., Washington, D. C. The price of either form is $1 a box, making the cost of the complete cure less than one-tenth what it is usually charged at sanitariums, with a guarantee that the expense will be nothing unless a cure is gained. Mail orders filled in plain sealed package, on receipt of price.

Orrine is for sale by the D. Y. Butcher Drug Co.

CATARRH

ELY'S CREAM BALM

Sure to Give Satisfaction.

GIVES RELIEF AT ONCE.

It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Easy to use. Contains no injurious drugs. Applied into the nostrils and absorbed. Large Size, 50 cents at Druggists or by mail. Liquid Cream Balm for use in atomizers, 75 cents.

ELY BROTHERS, 56 Warren St., New York.

TO BUILD ADDITION

Evelyn Leasing Company Will Increase Size of Ore House.

Special to The Gazette.

ELKTON, April 21.—The Evelyn Leasing company is building a substantial addition to its ore house on the property of the Requa Savage Gold Mining company, preparatory to an increase in production. The leasing company is developing a strong ore body at the 150-foot level.

The Columbia Mining and Development company, leasing on the Chicken Hawk mine, on Gillett hill, was loading out a two-car shipment this morning. The ore is estimated at about two-ounce grade. The property is owned by the Katinka Gold Mining company, a corporation controlled by Lennox and Giddings of Colorado Springs.

A HAPPY FATHER

is soon turned to a sad one if he has to walk the floor every night with a crying baby. McGee's Baby Elixir will make the child well—soothe its nerves, induce healthy, normal slumber. Best for disordered bowels and sour stomach—all teething babies need it. Pleasant to take, sure and safe, contains no harmful drugs.

Price 25 and 50 cents per bottle. Sold by all Dealers.

The shoes worn by mountaineers when climbing the Alps have steel soles, with eight points projecting.

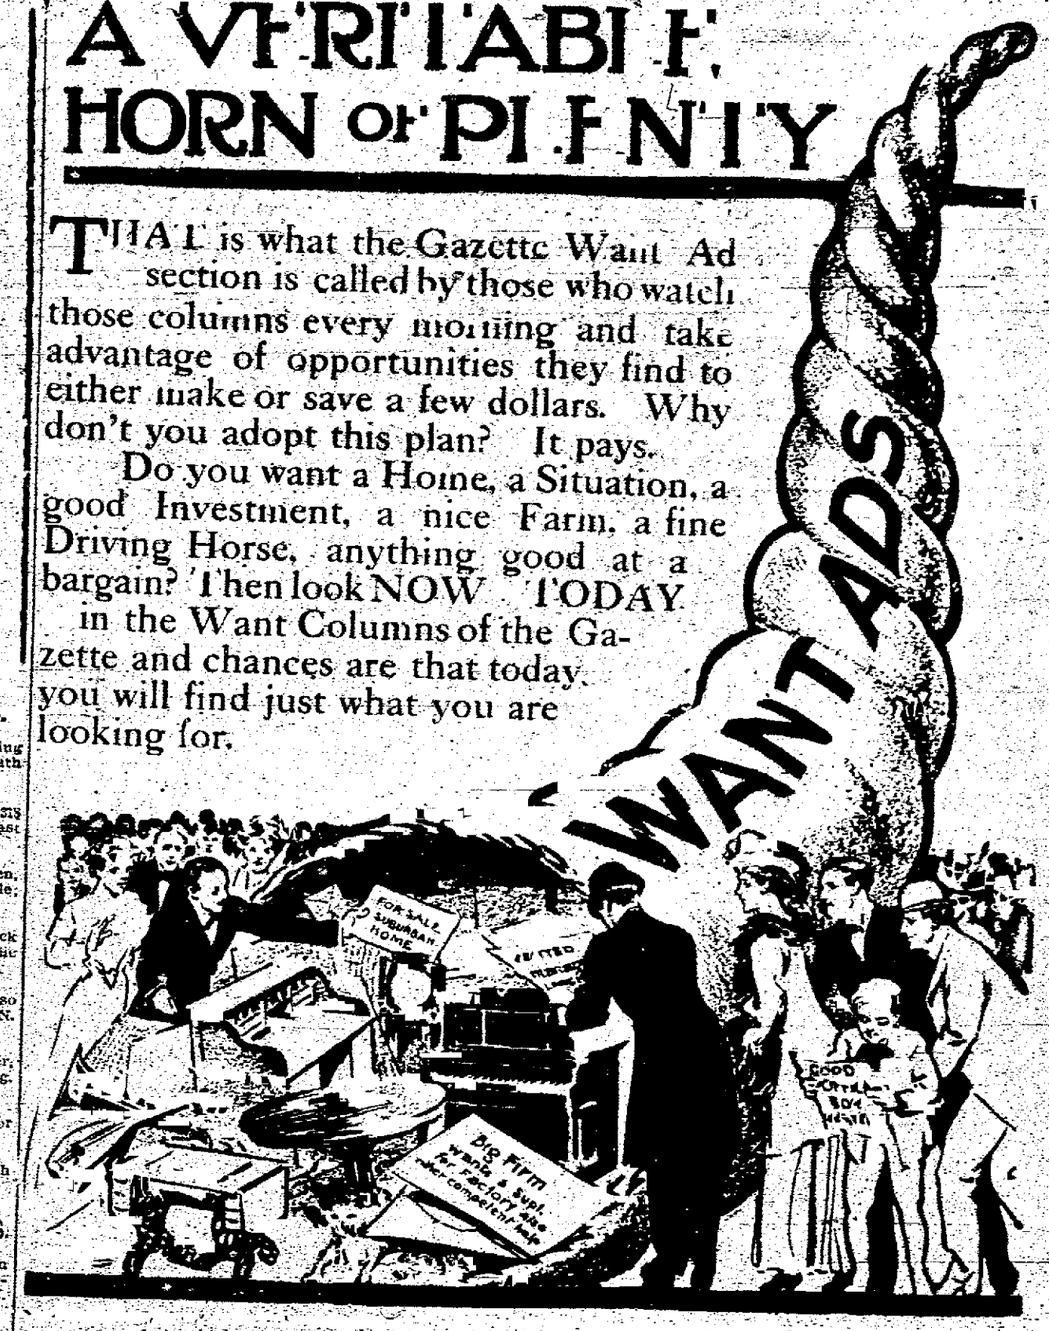
Gazette Want Ads.—Results

A VERITABLE HORN OF PLENTY



THAT is what the Gazette Want Ad section is called by those who watch those columns every morning and take advantage of opportunities they find to either make or save a few dollars. Why don't you adopt this plan? It pays.

Do you want a Home, a Situation, a good Investment, a nice Farm, a fine Driving Horse, anything good at a bargain? Then look NOW TODAY in the Want Columns of the Gazette and chances are that today you will find just what you are looking for.

Our Guaranteed "Lost Ads"

Think of it---we guarantee to secure return of any lost article or no pay.

Give us a description of the article, any particulars, etc.; if we return it, pay the usual rate for the advertisement; if it is not returned, pay NOTHING.

City Briefs

FIVE nicely furnished rooms. Y. M. C. A.

RUMMAGE sale given by the Garfield Kindergarten association, Friday, April 24, at 122 East Cucharas.

APRONS, candy and home-cooked food sale, Grace church parish house, Friday, April 24, beginning 10 a. m.

TICKETS are now on sale at Knight-Campbell's for the opera concert of the Musical club, Monday evening, April 27, at Perkins hall. Tickets 25 cents.

AN extra lecture will be given by Dr. Sanford Bell at the San Luis school on Friday evening, May 1. Tickets on sale at Balcomb's Curio store, 113 North Tejon.

EVERYBODY will be at Majestic hall next Thursday, April 23, to attend the ball given by Forester team No. 7226, Modern Woodmen. Fink's orchestra.

ELK LEADER DIES—R. L. Holland yesterday received a telegram telling of the death of William T. Leckie, grand esteemed loyal knight of the Benevolent and Protective Order of Elks at his home in Douglas, Mich., Monday.

NEW STREET CAR—Another new street car was placed in operation on the Manitou street car line, yesterday morning. It is No. 64 and is a product of the local shops. Several other cars are in the course of construction.

WOODMEN DANCE—All arrangements for the dance to be given by the Forester team of Colorado Springs camp No. 7226, M. W. of A., next Thursday evening have been made and the affair promises to be one of the most enjoyable of its kind ever given here. Fink's orchestra will furnish the music and Majestic hall has been secured for the occasion. The funds will be devoted to sending the Forester team to the head camp meeting at Peoria, Ill, in June.

Y. M. C. A. CIRCUS—As a headliner in the circus to be given in May by the boys' department of the Denver Y. M. C. A. will appear two local boys—Lloyd Shaw and Charles Butner. These boys will also be one of the principal attractions in the circus to be given as Bun-nee Brothers and Shaw, at the fourth annual circus to be given Saturday afternoon and evening of this week by the local Y. M. C. A. boys' department. Reserved seats for the local circus will go on sale today.

BELL LECTURE—Dr. Sanford Bell will give an extra lecture on "The Pillars of Society," Ibsen's drama, at the San Luis school Friday evening, May 1, at 8 o'clock. Tickets are on sale at Balcomb's curio store.

SUPPER—The ladies of section two of the First Methodist church will furnish a supper for the Brotherhood of the church, which meets Friday evening. All men of the congregation are asked to notify W. A. Lloyd whether they will attend the meeting.

GO to Hall Barrows at Harvangers, and save the price of a new spring suit. (Closing out).

Meet me at the Crystal tonight. "Nuff Ced."

$50 CALIF. AND RETURN $50

April 25th and 26th via Rio Grande.

Meet me at the Crystal tonight. "Nuff Ced."

Results

When purchasing spectacles or eyeglasses the price question should be put in the background. What you want is beneficial results. You can't afford to receive misfit glasses as a gift. Comfortable, satisfactory ones are worth a fair price. We guarantee your satisfaction, our examination is free and our prices for glasses reasonable. If glasses are not needed we tell you so.
